

REMARKS

While applicant disagrees with the restriction requirement set forth in the Office Action, in the interest of forwarding the present application to early examination, applicant elects Species I (Figure 2A, claims 3 – 9), along with generic claims 1 and 2 for examination. Claims 1 – 9 are readable on the elected Species.

Applicant reserves the right to file a divisional application on the non-elected Species II and III (Figure 4, claims 10 – 16; Figure 5, claims 17 – 23) at a later date.

CONCLUSION

In view of all the foregoing, Applicant submits that the claims pending in this application are patentable over the references of record and are in condition for allowance. Such action at an early date is earnestly solicited. **The Examiner is invited to call the undersigned representative to discuss any outstanding issues that may not have been adequately addressed in this response.**

Respectfully submitted,
